► burn boost

BURN is a blend of green tea and andean cocoa extracts that help turbo charge your metabolism naturally.*

► benefits

- Increases energy*
- Promotes alertness*
- Enhances performance*
- Supports endurance*
- Increases mental focus*

► features

- **Andean cocoa extract** - Works synergistically with weight loss formulas and has been shown to extend endurance while working out. It also optimizes cognitive performance and supports a balanced mood.
- **Green tea extract** - Green tea is a super food that is low in calories and high in nutrients and antioxidants. It's known to aid healthy cells in all stages and improve blood flow to keep blood sugars stable. Because of its natural caffeine content, it also helps boost energy.
- **Chromium Polynicotinate** - Chromium works with insulin to help metabolize carbohydrates, fats, and proteins, which along with a healthy diet, aids in blood sugar control and weight loss while maintaining cardiovascular health. Chromium is not produced by the body and must be consumed in food, however, typical diets do not include foods high enough in chromium. Chromium polynicotinate contains niacin to aid with the absorption of the chromium.
- **Litesse® (Polydextrose)** - A low calorie soluble fiber and prebiotic for digestive health. The functions of Litesse® include improving flavor, texture and nutritional profile.
- No synthetic stimulants
- No artificial ingredients

► key ingredients

Litesse, Andean cocoa extract (cocoa/almond extract), green tea (camellia sinesis) extract, chromium polynicotinate

► recommended daily use

Take one capsule with your morning CORE shake and one capsule with your noon CORE shake.
